Texas Presbyterian Foundation's Value Equity Fund is a broadly diversified portfolio of mostly U.S. and some global stocks that seeks to provide opportunities for long-term capital growth, by using a value-based approach. The Fund's goal over a three-to-five-year market cycles is to provide returns that exceed a market benchmark (the Russell 1000 Value Index) but with lower risk than the benchmark as measured by volatility of returns.

Half of the fund is managed by Eagle Capital Management who employs a bottom up, research-driven approach to find under valued growth companies. The remaining half is managed by LSV Asset Management who employs a disciplined, quantitative, 'contrarian' approach.

Although most clients will prefer to benefit from the broad diversification of the blend of investment styles available through the Large Cap Equity Fund, the Value Equity Fund may be accessed directly by those clients who wish to follow a different equity allocation policy.
